Of Excellence.**

 **Keystone Cement**

# Rainbow Bond

## Colored Masonry Cement

**Rainbow Bond** exceeds the current revisions of A.S.T.M. C-91 and Federal SS-C-1960/1 Masonry Specifications. When mixed with three (3) cubic feet of sand conforming to A.S.T.M. C-144 and tested according to A.S.T.M. C-270, it will produce mortar meeting the requirements for Type N masonry cement.

**Rainbow Bond** can be manufactured to meet Type S and M specifications and Colored Portland and Colored Portland/Lime Cement are also available.

## Cements To Match Your Design and Color Spectrums

**KLM**  
Light Masonry

K12-B  
Ivory Tan

K21-A  
Tan

K24-A  
Desert Tan

K48-B  
Terracotta

K72-A  
Light Brown

K74-A  
Saddle Brown

K75-B  
Haze Brown

K77-A  
Brown

K79-A  
Rustic Brown

K79-E  
Chocolate Brown

K79-G  
Light Charcoal

K88-A  
Charcoal

KNB  
Natural Buff

NOTE: While the Rainbow Bond masonry cement colors shown are close to actual colors, they are not exact due to printing limitations. It is strongly recommended that masonry sample panels be built to make certain of the precise mortar color.
